INTENSIFICATION OF ALLIED BLOCKADE

Mr. Churchill's Speech Has French Approval

AMSTERDAM, April 1 (Reuter)-Political circles here regard Mr. Winston Churchill's speech as foreshadowing the intensification of the Allied blockade. They expect, in particular, sharper control of exports to neutral countries with the object" of ruling out the possibility of goods being forwarded to Ger-

A message from Paris states that Mr. Churchill's speech has been received with full agreement in Parls official circles where it is regarded as a vigorous and upto-date statement of the Allies' position towards neutrals and non-billigerents.

TWO-POINT CLARITY

The speech is specially welcomed for its uncompromising clarity on two points, firstly that the enemy is Germany and secondly that the Allies do not want a war with Russia unless it is forced upon them.

CLAIM AGAINST U.S. GOVT.

OSLO, April 1 (Reuter)-An agreement for arbitration in connection with the sixty-nine million dollars claim brought by Christopher Hannevig against the United States Government has been reached by the governments

of Norway and the United States. The claim arises from the requisitioning by the United States Shipping Board in 1917 of shipbuilding yards with contracts and materials in which the Norwegian. Christopher Hannevig, held large interests.

Hannevig's claims for compensation has since been the subject of protracted dispute between the two governments. Under an agreement the two governments consented to exchange pleas within certain time limits and if within six months after the last plea had been presented they still did not agree, settlement in the matter would be referred to the American Court of Claims,

The agreement is subject to ratification.

HEAVY ARTILLERY FIRE HEARD

PARIS, Apr. 1 (Reuter)-There has been considerable activity between the Saar and the Vosges, artillery fire being heavy at certain points.

In Upper Alsace the Germans yesterday continued their pacifist and anti-British propaganda by means of streamers and placards and the French replied with machine-gun fire.

There was little air activity owing to the weather but there were a few reconnaissance flights by the French and Germans over the respective enemy territories.

SOMEWHERE IN WEST SUI-YUAN, April 1 (Reuter)—Chinese forces are continuing their "mopping up" operations against straggled Japanese near Wuyuan, west Suiyuan town recently reoccupied.

In an attack on the remnant Japanese at Liushihtsiang, they inflicted over 200 casualties and captured 14 cases of shells, 30,000 rounds of rifle bullets and a number of horses and camels.

A Japanese defence plan for Wuyuan, selzed by the Chinese. reveals that the Japanese intended to use gas if attacked. More than 10 cases of gas shells found in the enemy ammunition depot in Wuyuan confirmed the Japanese design.

'A Great Cause Worthy Of Support"

Appeal By Commissioner Of Prisons On Behalf Of The Salvation Army

A broadcast appeal for funds for the Salvation Army was given over Z.B.W. last night by Major J. L. Willcocks. D.S.O., M.C., Commissioner of Prisons for Hongkong.

Major Willcocks gave an interesting description of the work being done by the Salvation Army in Hongkong and Canton, and it is a fact worthy of note that in the latter city, last year, the Salvation Army supplied more than 1,000,000 meals, both in the city itself and in refugee camps.

The appeal follows:-

Full Court Dismisses Appeal

MAN TO SERVE LIFE TERM

An appeal against sentence. brought in the Full Court yesterday, before Mr. Justice R. E. Lindsell and Mr. Justice J. A. Fraser, by Tsang Sang, who was charged at the August Criminal Sessions with armed robbery and shooting with intent, found guilty and imprisoned for life by the Chief Justice, Sir Atholl MacGregor, was dismissed.

Tsang was not legally represented, Mr. E. H. Williams, Crown Counsel, being for the Crown. 'Appellant argued that "the two men who were charged with him were sentenced only to four and ten years' hard labour, respectively, and assured the Court that if his sentence was reduced he would not commit any offence after his release.

Mr. Justice Lindsell referred to Tsang's criminal record, which dated back to 1929.

"It seems to us." he said, "that you were very lucky in not having had to stand trial for murder. You committed a most brazen armed robbery in broad daylight and got away with considerable booty. You appeared to be one of those who fired at the constable and when you were run to earth you fired both at Sergeant Pope and Constable C354. this myth—Fox, Gibbon, Further, when you were arrested Froude, Macaulay, Wells and you were found to be in posses-Fisher being mentioned as authors | sion of no less than 53 rounds of ammunition.

In January, 1936 you were arrested for possession of arms and for that charge and also for breach of the deportation order your were sentenced to one and three years respectively. You were then banished for life. Until a month before the crime in respect of which you are appealing you were up before the Court for breach of the banishment order and sentenced to four years. Britain, Wang And China

EOLLOWING what can only be described as the illconsidered speech made by the British Envoy in Tokyo when he attempted to make out that a change in British policy towards Japan was to be expected—an impression which has been strenuously denied in British official quarters-Reuter appears to have been lured into committing the same unfortunate error in giving publicity to a total. ly misconceived view as expressed by a political correspondent of the Daily Express, in connexion with the British attitude towards the Wang regime. This writer, no doubt taking his cue from Sir Robert Craigie, hastily jumped to the conclusion that British policy would not be hostile towards the puppet administration which was set up in the North over the last week-end.

THE BRITISH GOVERN-MENT has repeatedly, and in strong terms, defined its attitude towards the developments in China and has based its opposition to according any support to the make-shift set-up in Nanking on two fundamental considerations firstly, the insecurity to British interests which the

puppet authority will entail and, secondly, that it is for the Chinese themselves to choose their own government instead of naving any pseudoadministration foisted on "them by those in the pay of their aggressors. For any political writer, therefore, to assume that there will cordiality in the dealings with those British interests, which are compelled, by circumstances, to come into contact with the renegade authorities in North China is foolish and shows a complete ignorance of the principles for which Britain has always stood in

the Far East conflict,

B.B.C. Observer Sums Up Nazi Efforts At Propaganda

LONDON, April 1 (Reuter) - During March there has been an interesting thing about Nazi propaganda, says the B.B.C. observer, presenting the monthly review of Nazi propaganda.

Dr. Goebbels' Propaganda Ministry is now trying hard to make people believe in its truthfulness. There are signs that Dr. Goebbels is disturbed by reactions to the fantastic Nazi claims at the beginning of the war in connection, for instance, with the Graf Spee battle—which the Germans first claimed as a great victory—and the repeated sinking of the Ark Royal.

These false claims have left their mark. The Germans are now trying to re-establish their reputation even to the extent of apparently frankly admitting their own losses. These admissions are not necessarily truthful but they have admitted the loss of one plane almost as soon as the Air Ministry has announced it in London.

JAPAN'S WAR FINANCE ANALYSED

Japan's war finance is analysed below.

Japan's resources have been so seriously depleted that in recent months there has arisen in Japan a fairly widespread belief in the expediency of terminating the "China Incident" within a comparatively short time.

The present situation can only continue at the cost of further inflationary increases in prices and deterioration in the standard of living.
